## SPRAY PAINTING TIPS

### 1. Preparation

Clean with soap & water.  
Rinse & let dry. Lightly  
sand glossy surfaces.

### 2. Shake

Shake the can well  
before & during  
application.

### 3. Practice

Practice your spray  
technique on newspapers.

### 4. Paint

Hold the can 25-40cm from  
surface & spray in a steady  
back & forth motion, always  
keeping the can moving.

*Note: Starting & stopping while spray painting an object can cause drips. Start & stop spraying before and after the object.*
